The Wellington City Mission has been helping those most in need throughout the Greater Wellington region for over 110 years.

The Mission prides itself on being open to anyone who needs assistance, regardless of religious belief, age, ethnicity or social background. Our programmes assist a range of people living in Greater Wellington's communities. The Mission also operates an elder care residential facility, Kemp Home & Hospital.

We believe in providing holistic support to those who need help, offering access to all our programmes in response to need. Together, we work to identify and address people's underlying issues to create positive outcomes.
